

**ICI** **INTEGRATED  
CONSULTING &  
INSPECTION**

# Integrated Consulting & Inspection

With over 100 years of collective experience, Integrated Consulting & Inspection, LLC brings unmatched levels of understanding, expertise, and professionalism to the pipeline industry. We offer clients superior management and field service personnel on a temporary or permanent basis for oil and gas projects across the United States.

ICI offers a complete assortment of services to assist in the planning, construction, and management of any oil and gas venture. Our dedicated team can provide you with the support you need along every step of the way. With services ranging from initial “big picture” feasibility analysis all the way through the commissioning and start-up of a finished pipeline, ICI ensures that your project is completed with efficiency, cost-effectiveness, and safety.

## Services

Integrated Consulting & Inspection is equipped to provide a full range of services for your project needs. Ranging from consulting and FEED services to full turnkey project deliverables, ICI can meet any type of challenge. Our extensive project experience in the energy industry provides the competitive advantage you need for your next project. Each of our services is executed with the intent to improve capital efficiency and deliver projects ahead of schedule.

## Safety

ICI's commitment to safety is second to none. As a leader in the energy market, ICI is dedicated to meet or exceed applicable environmental, health and safety laws and regulations.

Our employees are monitored, trained, and tested to ensure our standards and practices are continually improving.

## About ICI

Providing services throughout the United States has created an environment of diversity at ICI, which is one of our greatest strengths. Capturing these individual ideas and skill sets and combining them allows us to develop new solutions to yesterday's problems. Here at ICI we encourage creativity and seek employees that think outside the box. Our goal is to foster a family culture that respects one another, as well as a team that embraces the communities that we work within.

# IC SERVICES

You will find Integrated Consulting & Inspection Services has an underlying commitment to 'doing it right' which drives our excellence from the top down.
